Wedding Photography 2006

The Packages

Standard package £595

The Standard package starts by covering events immediately prior to the ceremony at the wedding venue such as guests arriving, groom waiting and arrival of the bride. We then document the ceremony after which there is an opportunity to take some formal shots. Duration approximately 1 1/2 hrs.

Includes an album containing approximately 32 prints plus copies of ALL the photographs taken.

Luxury package £825

The Luxury package also starts with arrivals at the ceremony venue. After documenting the ceremony and taking some formal shots we then follow on to your reception where we continue to cover events until the speeches are made or the cake is cut, whichever comes last.

Includes an album containing approximately 60 prints plus copies of ALL the photographs taken.

Ultimate package £1045

We are yours for the whole day. The Ultimate package includes photographs of the bridal preparations and, if required, some of the groom's. After, we go on to the ceremony venue to photograph events there and then follow on to your reception where we continue to cover everything including speeches, cutting the cake and finally the first dance.

Includes an album containing approximately 80 prints plus copies of ALL the photographs taken.

These prices are valid for weddings taking place during 2006.

The above packages are suggested guides only. They are all flexible and depend upon the time involved. With the larger packages there are usually many opportunities for still lives and shots of details as well as formal or informal portraits.

Purchase of Images on CD

If you anticipate wanting a significant number of copies of your pictures, or are concerned about the availability of prints in the long term, you might like to consider purchasing all the images on a CD. For **£200**, we will supply high resolution scans of the original negatives together with a listing of their numbers cross-referenced to the print numbers in your album.

Although technically we retain the copyright, you will have our written consent to make unlimited copies for your own personal use. In practice this means you will have the security of knowing that you can get prints made whenever you like and inexpensively for years to come.

Copyright

In accordance with the Copyright, Designs and Patents Act 1988, copyright of your wedding photographs will remain with Dillon Russell Photography, and in the normal course of events we also retain the negatives. This of course means that it is unlawful for you to scan or copy any images by any means which are part of the wedding package.
